

Registered Nurse

A unique opportunity is available for employment through CMHA. A full time position is open for an individual to perform professional nursing functions for individuals with a serious mental illness or developmental disability. The RN works directly with consumers and in consultation with other CMHA service providers in a variety of settings.

Qualifications for the job include licensure in the State of Michigan as a registered nurse. A bachelor's degree in nursing from an accredited college or university is preferred. Preference will be given to applicants with Psychiatric Nursing or previous experience in a behavioral health setting. Experience in a Community Mental Health setting is preferred. A complete job description is available through the Human Resources Office. CMHA performs criminal background checks on all employees.

CMHA offers a competitive wage plus full benefits. Benefits include family health and dental insurance, retirement, life insurance, short and long term disability, 9 paid Holidays and 4+ weeks of paid time off.

Individuals interested in applying should submit a letter of application and resume to the Human Resources Coordinator, no later than 4:00 PM on Friday, September 11, 2009.
